

Hi Gardeners,

Another bit of news. One of our gardeners got locked in the garden and had to call for help over to the bus station! PLEASE check inside before locking the gate. It is easy not to see someone unless you look in. Thanks you so much.

Also I got a message from Lane and she did not paint the table. Would the mystery painter please make themselves known to me? Thanks
We need some bags in the shed for produce now. If anybody has some that need recycling. No new bags please.

Please remember to weigh your produce and mark it down. I might lower the scale a little to make it a little more visible so we can remember.
