

Summer KidKamp 2010
June 14th – June 18th
Theme: The Solar System

OUTER SPACE

Greetings! We want to welcome all you fabulous kampers and parents to KidKamp 2010!! We have a summer filled with endless fun and exploration. Parents, along with this newsletter you will find a point of reference with kamp contact numbers and rules.

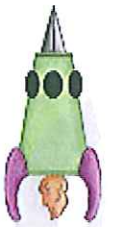

Throughout the summer children will learn to observe, analyze and reason through such activities as the 'Private Eye', gardening and hiking. Their imaginations will be enhanced through theme related art projects, games, storytelling on site and through the library's summer reading program. Perhaps they will have the opportunity to visit new places on exciting weekly field trips or experience a challenging sport such as karate. Participants will also be visiting KidzPlex for gymnastics and use the facilities at the Community Center for swimming and climbing.

GALAXY

Our first field trip will be on Thursday, June 17th to Rock Bottom Ranch. We will explore some traditional arts such as spinning wool, making your own food, churning butter, and milking a goat. We leave Sopris elementary school at 10:00 am and would appreciate each camper being on site at least 30 minutes before departure.

Again, welcome to KidKamp! We look forward to spending the summer with your child. If you should have any questions, please contact me at 384-6314 or 319-8683.

Sincerely,
 Stephanie Smith
